

GOVERNOR GRANHOLM'S PLAN TO GROW OUR ECONOMY, SECURE OUR FUTURE: **OVERALL ACCOMPLISHMENTS FOR MICHIGAN**

GOVERNOR GRANHOLM HAS A COMPREHENSIVE PLAN TO CREATE JOBS AND BOOST MICHIGAN'S ECONOMY

She will "go anywhere and do anything" to create, retain, and grow jobs in Michigan. And, she is fighting hard to protect our families and educate our children. Governor Granholm puts Michigan first.

GROWING THE ECONOMY

The Governor is going anywhere and doing anything to create jobs for Michigan workers, and direct action by her administration is convincing major corporations to create jobs and expand in Michigan. Keebler relocated its headquarters from Illinois to Battle Creek. Toyota is putting 400 people to work in York Township at its new Technical Center. When manufacturing jobs left Greenville for Mexico, Governor Granholm stepped in and helped convince United Solar Ovonic to open a new manufacturing facility there. The Governor has met face to face with businesses from across the country and around the world – and her leadership is paying off. Her mission to Japan has already attracted 630 new jobs and \$116 million in new investment from 10 Japanese companies. But the Governor knows we have a lot more to do to create good paying jobs so our kids can stay in Michigan and work in Michigan. That's why she has a comprehensive Jobs Today, Jobs Tomorrow plan, which includes a new, \$2 billion 21st Century Jobs for Michigan Fund that will diversify our economy and create thousands of jobs. From cutting taxes for businesses to matching out-of-work citizens with jobs that exist right now, Granholm is working hard every day to turn our economy around.

PROTECTING OUR FAMILIES AND OUR CHILDREN

Granholm knows that Michigan must ensure the health and safety of our families and our children to maintain our excellent quality of life. That's why she extended health services to nearly 100,000 more citizens and created the MiRx drug discount program that is helping 32,000 Michiganders purchase prescriptions. To protect our children, she's gone after sex and violence in video games. Our neighborhoods are also safer after her administration put more than 1,400 dangerous parole violators and more than 800 sex offenders back behind bars.

EDUCATING OUR KIDS

Governor Granholm knows the best path to a bright economic future is a high-quality education. Our children deserve to reach their full potential in a safe environment with the tools they need to succeed. That's why the Governor created Project Great Start to increase access to quality child care in Michigan communities and to give parents the tools they need to be their child's first and most important teacher. The Governor is also working to create higher standards in Michigan's high schools so that all students are prepared for success in college and in life. She is fighting to make Michigan the first state in the nation to make college or vocational training accessible and affordable for every child in the state. And, despite eliminating almost \$4 billion in budget shortfalls – more than any other governor before her – Governor Granholm's 2006 budget increased funding for Michigan's K-12 schools to record levels, while asking schools to do more to help kids learn.

Granholt Administration's Accomplishments for Oakland County

Despite a Republican-led legislature, the Granholt administration has consistently and successfully fought for all Michigan citizens. In Oakland County, Governor Granholt's administration has:

Created/Retained Jobs in the Oakland County area

- **11,000 jobs created and retained in the Oakland County area.** The Granholt administration has directly helped create or retain more than 11,000 jobs in the Oakland County area since 2003.
- **7,300 jobs created and retained in the Troy area.** The Granholt administration has directly helped create or retain more than 7,300 jobs in the Troy area since 2003.

Invested in Economic Growth in Oakland County

- **\$82.8 million in MEGA economic development grants to Oakland County businesses.** The Granholt administration has awarded more than \$82.8 million in state economic development grants to Oakland County businesses since 2003.
- **\$46.7 million in MEGA economic development grants to Troy businesses.** The Granholt administration has awarded more than \$46.7 million in state economic development grants to Troy businesses since 2003.

Invested in Economic Security for the Oakland County area

- **\$6.7 billion in additional income for the Oakland County area.** The 11,000+ jobs created or retained in the Oakland County area will help generate more than \$6.7 billion in additional income in surrounding communities.
- **\$4.6 billion in additional income for the Troy area.** The 7,300+ jobs created or retained in the Troy area will help generate more than \$4.6 billion in additional income in the area.

Invested in Oakland County Infrastructure: Roads and Bridges

- **The Granholt administration has invested \$246 Million in Oakland County roads and bridges.** Since 2003, the Granholt administration has invested more than \$204 million in road repairs and more than \$42 million in bridge repair throughout Oakland County.

Invested in Education in Oakland County

- **Awarded \$34 Million More for Oakland County Schools.** Thanks to Governor Granholt's leadership, state support for local public schools in Oakland County increased by more than \$34 million in the past year, all the while calling for higher curriculum standards. Funding for Oakland County schools now stands at an all-time high.
- **Signed Early Intervention Programs Bills.** Governor Granholt signed legislation that allows school districts to develop and implement Early Intervention Programs for students in grades K-3. The programs will help identify educational and behavioral barriers students may face that would prevent them from succeeding in the classroom. The three-bill package allows school districts to create Early Intervention Programs that

monitor student performance, identify individual challenges, and provide additional support services including reading, writing, math, visual memory, motor skills development, and behavior or language development.

- **Proposed New \$4,000 Merit Scholarship.** The Governor continues to push for the New Merit Scholarship which will guarantee every student who successfully completes two years of college or technical training a \$4,000 scholarship – an amount roughly equal to two years of community college tuition.

Given Oakland County a Voice

- **During Governor Granholm's three years in office, she has appointed more than 270 people from Oakland County to state boards, commissions, advisory councils, etc.** (See listing below.)

Oakland County Appointees

Title	First	Last	Commission
Ms.	Wilma	Abney	Council for Labor & Economic Growth
